Further Activities of the TF on ADAS

- The TF on ADAS Chair will contact IWG on DETA to make necessary arrangements for the information exchange between Type Approval Authorities via DETA according to amended provisions for ISMR.
- Some further development of the DCAS UN Regulation (Phase 3) is foreseen:
 - [Considering how to](#) lift limitations of system-initiated manoeuvres to highways and conditions of not withholding Hands-On Requests (para. 5.3.7.2.4.10).
 - Extending clarifications implemented in the 01 series of amendments to the 00 series of amendments (Working document for the 21st GRVA session in January 2025)
 - Optimizing in-service periodic reporting information (table 1 of Section 7)
 - [Para. 5.3.7.2.4.11 on how the driver should confirm his/her knowledge about the system operation.](#)
 - [Confirm the dates of the Transitional Provisions.](#)
