

Submitted by the IWG on CS/OTA

Informal document GRVA-20-25
20th GRVA, 23-27 September 2024
Provisional agenda item 5(a)

*Status report from the Informal
Working Group on Cyber Security and
Software Updates*

Progress of the group

- Meetings since the 19th GRVA Session
 - 31st Session: Web meeting – 2nd September 2024

All meeting documents of the group can be found [31st](#)

Outline of activities

- Amending UN R.156 and Annex 7 of R.E.3 regarding the mandating of RXSWIN
- Authorisation concept & privacy by design
- Post-registration software updates

Proposals concerning "RXSWIN"

- The IWG has been discussing various concepts concerning "RXSWIN"
- Main point is to mandate "RXSWIN"
- A sub-group drafted a proposal considered by the IWG

Discussion points:

- Agreement to mandate via UN R.156
- New "vehicle level identifier" concept
- Transitional provisions

Authorisation concept & privacy by design

- “Authorisation concept & privacy by design” has been discussed multiple times within the IWG
- The general intention has been presented by the FIA who have been invited to draft a more complete proposals
- FIA is working with interested participants from the IWG on detailed proposals
- Output to be discussed in the IWG once available

Mandate of the IWG

- The mandate for the informal working group is due to expire in November 2024
- Does GRVA/WP.29 wish to extend the mandate?
- If so, the IWG will look to revise the terms of reference and present them to GRVA in January
- Potential items to be address
 - Mandating of "RXSWIN"
 - Establish categories of post-registration software updates
 - FIA proposals

Upcoming events

- Next IWG meeting is being scheduled
 - w/c 22 October 2024 (TBC)
 - Items will be:
 - RxSWIN
 - Authorisation concept and privacy by design

Thank you for your attention.
