IPR in the UN context

ENVIRONMENT

Whether the **UN** holds IPR, is determined, inter alia, by

1) The **agreements** between ECE and the centres/ICPs.

It can also be impacted by

2) Use of the **UN logo** or

3) **Affiliation with the UN.**

>> Clarify status of IPR for the content in question before applying for open access licenses.

Proposal

ENVIRONMENT

EMEP SB/WGE could bring the matter to the **attention of the EB** and **could recommend:**

- **An expert group to assess**
 - 1) What type of data should be open access from the point of view of the scientific experts?
 - 2) What are existing approaches?
- And to develop **recommendations for clear guidelines** on what data can be open access and what procedure to follow.
