

Decision 14/1

- (1) An international legally binding instrument
- (2) Optional protocols to existing human rights treaties
- (3) Enhancement of the implementation of the existing human rights treaties
- (4) To address the human rights of older persons in relevant multilateral forums
- (5) The feasibility of an update to the international plan of action on ageing
- (6) To strengthen, as appropriate, cooperation with the regional commissions and other relevant stakeholders
- (7) To enhance capacity to more effectively collect age-disaggregated data, statistics and qualitative information
- (8) To address the situation of the human rights of older persons in their reports to existing international human rights bodies
- (9) To pay regard to specific human rights issues faced by older persons in current and future United Nations intergovernmental processes
- (10) To promote effective measures against ageism and to view older persons as active contributors to society
- (11) To promote and support initiatives to advance a positive public image of older persons and their multiple contributions
