**Accession to and implementation of transport-related
International Conventions and Agreements**

(Item 5.2 of the Agenda)

Note by UNECE/ESCAP

ESCAP

1. Harmonizing the legal regimes relating to international transport continues to be a prerequisite to ensure the smooth and efficient movement of goods through national borders. During all previous sessions, the Thematic Working Group on Sustainable Transport, Transit and Connectivity reaffirmed the importance of the international legal instruments listed in the protocol of its second session and re-iterated the invitation to SPECA countries to intensify their efforts to accede to all of them as soon as possible. The Working Group stressed that accession to United Nations transport-related legal instruments would only serve transport connectivity and facilitation if followed by proper implementation measures.

2. The forty-eighth session of ESCAP adopted resolution 48/11 of 23 April 1992 which recommended that countries in the region should consider acceding to seven international conventions in the field of international land transportation facilitation as a cost-effective prerequisite step towards enhancing road and rail transport routes throughout the region. The accession status to the conventions recommended by ESCAP resolution 48/11 is shown in Annex I.

3. The following progress has been made in accession to transport-related international legal instruments:

- In September 2023, Kyrgyzstan acceded to the Agreement concerning the Adoption of Harmonized Technical United Nations Regulations for Wheeled Vehicles, Equipment and Parts which can be Fitted and/or be Used on Wheeled Vehicles and the Conditions for

Reciprocal Recognition of Approvals Granted on the Basis of these United Nations Regulations (1958).

4. All SPECA countries are invited to take concrete steps towards accession to the rest of the conventions stated in Annex I.

The Thematic Working Group may wish to

- Reaffirm the importance of United Nations transport-related legal instruments listed in Annex I below and reiterate the invitation addressed to SPECA countries to speed up pace of accession.
- Take measures for efficient implementation of ratified United Nations transport-related legal instruments in SPECA member States.
- Indicate further technical assistance and capacity development needs to UNECE and ESCAP secretariats in relation to the accession and/or implementation of the transport-related United Nations legal instruments.
