Dear John,

Thank you for your letter dated June 29th 2011 regarding the future plans for Newborough Forest. I'm afraid that the contents do not reflect the agreement I had reached with your predecessor Jane Davidson on how it would try to resolve the difficulties that have arisen.

When I met Jane Davidson, we had a video conference with officials. It was agreed that we should between us agree on the terms of reference for the arbitration and that we should also agree on suitable names for the panel and independent adjudicator. However your letter now makes clear that that agreement is not being adhered to and that only CCW and your office will determine these matters.

It is necessary to retain the confidence of all parties as to seek a resolution to this matter. I would therefore ask you to reconsider the matter and revert to the original agreement. Otherwise my constituents will feel that their views are yet again being ignored, a feeling which led originally to the deepening of the rift between them and CCW.

I am happy to discuss this with you if that would be helpful.

Regards,
